Recd.

Office of Assistant Treasurer U. S.,

New York City, Nov 12th, 1886.

Sir,

The detailed statement of coin forwarded in compliance with transfer order No 13,771, asked for by your telegram of this date I am unable to furnish. The coin, as fast as a $1000. in amount was accumulated, was carried in our accounts as "uncurrent" subsidiary silver.

Seven bags were sent you $1000 each one containing $500. Each of these bags had smaller bags, the coin in which was unmixed - of one denomination; and the tags on the small bags describe the class of the coin - You can make up the statement from the tags. In future an accurate statement of coin shipped will be forwarded as you desire.

Very respectfully
